I EXPRESSED TO BILL YOUR ADMIRATION FOR THE RUDDER
ON HIS SCOPE AND YOUR APPREHENSION AT ITS MINUSCULE
WINGSPAN.... BILL REPLIED THAT THERE WAS NO NEED TO
WORRY ABOUT IT SINCE a) THE EAA WILL CERTIFY ANYTHING
AND b) HE INTENDS TO USE IT ONLY IN A NONFLYING
CONFIGURATION. PERHAPS YOU COULD ADVISE HIM ON
A SUITABLE POWERPLANT SELECTION AND ON WHERE TO BUY
A 2500-FOOT EXTENSION CORD...
